

THE FILES FAMILY

MISSIONARIES TO THAILAND

Dear friends, family, and supporting churches,

March-April 2021

Our plane tickets have been purchased, our ASQ quarantine has been booked, our visas and certificate of entry have been approved, and we are all set to return to Thailand. We will be leaving on May 16. Thank you so much for your faithful prayers and support. We could not have made it through these last couple of years without it. We are so excited to get back to Thailand and begin doing what God has called us to do.

The last two months I have reported at several supporting churches in Arkansas and Texas. My wife, Kristen and myself just returned from a trip to Kentucky. I was able to preach and present our burden for Thailand in a Church there and they were a blessing to us. We will participate in our home church's mission conference this week, and will have a couple of weeks to finish packing and make last minute preparations for our move.

Kristen is doing great. All of her doctor visits have yielded good reports. We are so thankful for how far she has come. She will get her second Covid vaccine this coming up week, and a couple of more vaccinations two days before we leave.

Please pray about the following:

1. We will have to have negative covid test results before flying, so pray that our test come back negative.
2. We will be leaving Katie behind this time. She is graduating high school and will be attending Bible college this fall. We are excited for her but she will be missed greatly.
3. Pray for Thailand. They are having a big increase in Covid cases and are starting to lock everything down again. Many people there are struggling and looking for hope. It is a great time to share with them about the Blessed Hope of Jesus Christ.
4. We have 25 bags to ship with us that we need to pay for. Each bag cost \$200 to ship. If you would like to ship a bag, or two, or 25, it would be a huge blessing. Every other need that we have had has been met.

In Christ,
The Daniel Files family
